

IHS CHEMICAL

Plastics and Polymers

Make Better Decisions

IHS experts leverage years of Plastics Industry experience and extensive professional contacts worldwide to monitor local Plastics and Feedstocks markets, helping clients improve supply-chain planning and make better buying, selling and operating decisions.

BENEFITS:

IHS Market Advisory Services integrate regional market price data, production economics, supply/demand analysis and trade data from feedstocks to end use Markets, helping clients:

- Negotiate better buy/sell agreements with IHS market insight
- Plan inventory positions with IHS integrated market forecasts
- Optimize supply-chain with IHS analysis of industry trends

IHS Chemical offers global and regional market advisory services that equip clients with the most reliable and unbiased source of historical and forecast pricing for plastic resins, as well as deep analysis of supply/demand, trade flows, production economics, and cost drivers, from upstream feedstocks to downstream applications. Purchasers, strategic planners, traders, financial analysts and end-users gain the essential data and insight needed to make better business decisions. Discover our suite of services:

- Global Plastics & Polymers
- Global Engineering Resins
- Global PET Stream
- QuiMax Report – country specific Latin America insight
- Regional and resin specific reports
- China Polyolefins (Chinese language)

The Plastics & Polymers services deliver daily, weekly, and/or monthly reports depending on the service, and at the month's end, deliver the Global Economy and Energy Report, which contains economic updates and valuable crude oil and natural gas data. Clients can customize their views of market data, analysis and news, and accelerate their work with the intuitive information search capabilities of IHS Connect[®], our online business intelligence platform. Most importantly, clients enjoy a relationship with IHS Chemical's highly experienced researchers and analysts.

IHS Chemical Market Advisory Services:

Plastics and Polymers

Plastic Products Covered by Service:

Global Plastics & Polymers

Asia / Middle East / India Plastics & Polymers

Europe Plastics & Polymers

- Polyethylene (HDPE, LDPE, LLDPE)
- Polypropylene (PP)
- Polystyrene (PS)
- Polyvinyl chloride (PVC)
- Expandable polystyrene (EPS)
- PET (PET Bottle Resin)

QuiMax Report

- ABS
- Polyethylene (HDPE, LDPE, LLDPE)
- Polypropylene (PP)
- Polystyrene (PS)
- Polyvinyl chloride (PVC)
- Expandable polystyrene (EPS)
- PET (PET Bottle Resin)
- EVA

Asia / Middle East / India PE-PP

China Polyolefins (In Chinese)

Europe PE-PP

North America PE-PP

- Polyethylene (HDPE, LDPE, LLDPE)
- Polypropylene (PP)

Global Engineering Resins

- ABS
- Acetal
- Nylon 6 Resin
- Nylon 6,6 Resin
- PBT
- Polycarbonate
- Polypropylene

Global PET Stream

- PET
- Paraxylene
- Terephthalic acid (PTA)
- Ethylene glycol (MEG)
- Isophthalic acid
- DMT

QuiMax Coverage of Latin America:

Country Highlights

- Argentina
- Brazil
- Chile
- Colombia
- Mexico
- Peru
- Venezuela

Reporting and Analysis Schedule:

Global Plastics & Polymers

- Weekly Asia, West Europe, and North America special focus PE and PP
- Monthly Summary
- Monthly Data Supplement
- Price Page (Month End)

Asia / Middle East / India Plastics & Polymers

- Weekly Market Snapshot
- Monthly Data Supplement

Europe Plastics & Polymers

- Monthly Summary
- Mid-Month Update: Europe Plastics & Polymers Supplement

Global Engineering Resins

- Monthly Summary

Global PET Stream

- Weekly Market Snapshot
- Monthly Summary

Asia / Middle East / India PE-PP

Europe PE-PP

North America PE-PP

- Weekly Market Snapshot

China Polyolefins (In Chinese)

- Weekly Market Snapshot
- Monthly Summary
